

Optional Season Team Attendance Policy

Only Level 6
through Level 10
& Team Xcel
need to sign
this page.

Dear Optional Team & Team Xcel Parents:

Starting August 21st, all optional gymnasts must maintain an 85% attendance ratio through November 1st, in order to move up a level. Attendance will also have to be maintained every month throughout the optional season.

All optional athletes must also attend every scheduled workout the week prior to a competition. If during this week an athlete has study/homework issues, they must still attend workout, but can be excused one hour early (or when their workout is completed). This and illness are the **ONLY** acceptable excuses for leaving workout early the week of a competition. If an athlete is at risk of not obtaining the 85% attendance ratio two weeks prior to a competition a notice of their status will be sent home. **We will allow make-ups to improve attendance % for illness and school only! We will not be able to extend the same courtesy for those who choose to miss for vacation.**

If an athlete is sick the week before a competition their prior attendance percentage will be taken into account, as well as the length and severity of the illness, and a decision about their competitive readiness will be made prior to the meet weekend by the coaching staff. If the attendance policies are not met prior to a competition, the athlete will not be allowed to participate in that competition. There is no refund for meet entries. This attendance policy is necessary to ensure the safety your athlete.

Thank you-
Park Avenue Gymnastics Coaching Staff
